**Oceans of Possibilities Summer Reading Challenge 2022  
Cheltenham Township Business Partner Scavenger Hunt Proposal**

Cheltenham Township Library System (CTLS) is reaching out to local businesses in Cheltenham Township to request participation in a Summer Reading Challenge Scavenger Hunt.

The idea:

- CTLS will have a poster with Oceans of Possibilities themed graphics, the CTLS logo, and minimal text, each featuring a different sea animal.
- A poster will be hung in a visible location inside the business, encouraging people to visit the business. Alternately, the poster could be hung in the window.
- The posters would need to be posted from June 13-August 13, 2022.
- CTLS needs a minimum of 8 businesses to participate, at least two near each of the four sections of the township (Cheltenham Village, Elkins Park, Glenside, and La Mott).
- During the summer months, the libraries will issue a card to participants inviting them to find the sea animals at one of the locations and will need to write in where they found it. If they can find all of the sea animals, they will get a small prize!

If interested in participating, please contact Angela Lang at [alang@mcclinc.org](mailto:alang@mcclinc.org). You may also contact Angela with questions at 215-635-5000.

Thank you for considering this partnership with Cheltenham Township Library System!
